Welcome to **PayByCard** operated through the website <https://paybycard.in> (collectively referred to as the "Platform" or "Services").

These Terms of Service ("Terms") constitute a legally binding agreement between you ("User", "you", or "your") and **PayByCard Technologies Private Limited** (CIN: [Insert CIN if available], hereinafter referred to as "PayByCard", "we", "us", or "our"), a company incorporated under the Companies Act, 2013, having its registered office at **3701, IRIS, Runwal Bliss, Crompton Greaves Compound, Kanjurmarg East, Mumbai, Maharashtra 400 042**.

By accessing, browsing, or using the Platform or Services in any manner, you acknowledge that you have read, understood, and unconditionally agree to be bound by these Terms, along with our Privacy Policy, Refund Policy, and Fraud Reporting & Management Policy (collectively referred to as "Policies"). If you do not agree, you must immediately cease all use of the Platform.

1. About Our Services

PayByCard is a technology platform that facilitates online payments using debit cards, credit cards, UPI, net banking, and other supported payment instruments for various fees, invoices, and institutional payments.

We act solely as a payment facilitator and intermediary. We are not a bank, financial institution, or party to the underlying transaction between the payer (you) and the payee (merchant, school, college, coaching institute, or any other recipient). All funds are processed through RBI-authorized payment gateways and banks.

We do not hold customer funds beyond the time required for settlement, nor do we provide any banking or credit services.

2. Eligibility

- You must be at least 18 years of age and legally competent to enter into contracts under Indian law.
- Corporate or institutional users must ensure the authorized representative has the necessary power to bind the entity.
- By using the Services, you represent and warrant that you meet the above criteria and will comply with all applicable laws, including those prescribed by the Reserve Bank of India (RBI).

3. User Account and Security

Certain features may require account registration. You are solely responsible for:

- Maintaining the confidentiality of your login credentials.
- All activities conducted under your account.

- Immediately notifying us of any unauthorized access.

We reserve the right to suspend or terminate accounts suspected of misuse, fraud, or violation of these Terms.

4. Mandatory KYC and Merchant Onboarding

As required under applicable laws, regulations, and guidelines, including applicable RBI requirements, PayByCard may be required to verify the identity and KYC details of both the payer/sender and the beneficiary/merchant/recipient before processing a payment.

Completion of the required KYC verification is mandatory for users before they can initiate or make payments through the Platform. Similarly, the beneficiary/merchant must complete the applicable onboarding and KYC requirements within the timeline specified by PayByCard or its payment/banking partners.

PayByCard reserves the right to decline, hold, suspend, or refund a transaction where the required KYC or merchant onboarding is incomplete, unsuccessful, expired, or not completed within the prescribed timeline. Any refund will be processed in accordance with the applicable refund policy and the procedures of the relevant payment gateway and banking partners.

5. Transaction Verification and Cooperation

For security, fraud prevention, regulatory compliance, and transaction monitoring purposes, PayByCard, its payment gateway partners, banking partners, or other authorized service providers may contact users to verify the authenticity, nature, purpose, or other relevant details of a transaction.

Users are required to reasonably cooperate with such verification requests and provide accurate and relevant information or supporting documents when requested. Failure to provide the required information or cooperate with a verification request may result in the transaction being held, declined, cancelled, or refunded, as applicable.

6. Protection of Card and Payment Credentials

PayByCard, its employees, payment gateway partners, and banking partners will not require users to disclose their complete card number, card expiry date, CVV/CVC, PIN, OTP, or other confidential authentication credentials through unsolicited calls, messages, emails, or other communication channels.

Users must never share their card number, expiry date, CVV/CVC, PIN, OTP, passwords, or other confidential payment credentials with any person claiming to represent PayByCard or any third party. Users should provide such credentials only through the secure payment interface provided for completing an authorized transaction.

If a user receives a suspicious request for confidential payment credentials, the user should not disclose the information and should immediately contact PayByCard through its official support channels.

7. Fees and Charges

All applicable convenience fees, processing charges, GST, and other costs are clearly displayed before you confirm any transaction. By proceeding, you agree to pay these charges.

Our fees are non-refundable except in limited cases explicitly mentioned in the Refund Policy. We may revise fees with prior notice on the Platform.

8. Prohibited Conduct

You agree not to use the Services for any purpose that is unlawful, fraudulent, or prohibited under these Terms or applicable laws. Prohibited activities include (but are not limited to):

- PayByCard is not a cash withdrawal or credit-card-to-bank-account cash conversion service. Payments are intended only for genuine underlying transactions to verified recipients and are subject to applicable card-network, payment-partner and regulatory requirements.
- Making payments for illegal goods, services, or purposes.
- Providing false, inaccurate, or misleading information.
- Attempting to circumvent security measures, fees, or transaction limits.
- Sharing sensitive payment details (card number, CVV, OTP) with unauthorized persons.
- Engaging in money laundering, terrorist financing, or any activity violating Prevention of Money Laundering Act (PMLA) or RBI guidelines.
- Using automated scripts, bots, or any means to overload or interfere with the Platform.

Important Security Advisory: PayByCard or its representatives will never request your CVV, OTP, or full card details over phone, email, SMS, or any unsolicited communication. Any such request is fraudulent — report it immediately.

9. Payment Gateway Holds, Risk Review and Delayed Settlement

In certain circumstances, the payment gateway, acquiring bank, payment aggregator, or other banking/payment partner may place a temporary hold, reserve, or restriction on the settlement of a transaction or related funds due to risk evaluation, fraud prevention, chargeback/dispute management, regulatory requirements, compliance review, suspected suspicious activity, or any other reason determined by such payment partner.

Where a transaction has already been initiated or successfully processed but the settlement of the corresponding funds is subsequently restricted or placed on hold by the relevant payment gateway, acquiring bank, payment aggregator, or other payment partner, PayByCard may be unable to release or settle such funds until the restriction is lifted and the funds are actually received and made available to PayByCard.

Accordingly, notwithstanding the standard settlement timelines communicated by PayByCard, settlement of such affected transactions may be delayed for an extended period, including up to 120 days or such longer period as may be required under applicable law, regulatory requirements, or the policies and procedures of the relevant payment
